FINISH NOTES

PAINTING PROCESS

All Design Art items are hand painted after we receive your order. Items are painted together to ensure a consistent finish. Due to the nature of wood grain in the products and hand painting, some variations will occur. Finials, poles, brackets and rings each absorb paints and stains differently, making each order beautifully one-of-a-kind.

FINISHES

The finishes presented in the catalog are photographic and lithographic reproductions, and as such may not accurately reflect the true depth and tone of our finishes. Please refer to our actual color swatch samples before ordering. Our color swatches show both smooth and detailed surfaces, indicating how the finish will look on various products.

TOPCOAT SHEENS

Design Art colors primarily use a Matte or Semi-Gloss topcoat (see color swatches for actual sheen). We can change the topcoat finish to your choice of Glossy, Semi-Gloss, or Matte at no additional charge, to achieve your preferred sheen level.

TOUCH-UP PAINT

Touch-up paint is available upon request for an additional charge.

ADDITIONAL PAINTING FEES

We can repaint finished or unfinished hardware from other manufactures upon request. Please contact customer service for a quote.

CUSTOM PALETTE

We have several options for further customization of your product. Please contact customer service for a quote.

MATCH MY COLOR

Choose a color from Benjamin Moore or Sherwin Williams, or send us a fabric or other color swatch to match. Let us know whether you prefer a Gloss, Semi-Gloss or Matte sheen. We'll send you a strike-off for your approval.

MATCH MY COLOR AND ADD ACCENTS

We can match your custom color and add accents from any of our 11 Accent Finishes  like those shown in the catalog on pages 77-78.

MATCH MY COLOR AND ADD HIGHLIGHTS

Use any of our 58 Décor Finishes, or your own custom finish, and add Gold, Silver or Bronze Highlights--

- To the carved areas of the piece
- Over the entire piece

Color Strike-Off

DASTRIKE

One-time strike-off charge.

FINIALS

DETAILS

- All Design Art finials are designed to fit more than one size pole.
Finials for $1\frac{3}{8}$ " poles will fit 2" or $2\frac{1}{4}$ " poles with an adaptor.
Finials for 2" or $2\frac{1}{4}$ " poles will fit 3" poles with an adaptor.
- The adaptor will be added automatically, **at no additional charge** when needed.
The small adaptor measures $\frac{5}{8}$ " L x $2\frac{5}{8}$ " H.
The large adaptor measures $\frac{5}{8}$ " L x $3\frac{3}{8}$ " H.
- When the Dual Finish System is used, the adaptor will be in the Accent Finish.
- Due to the nature of hand-crafted items, Finial dimensions may vary slightly from piece to piece. Finial pairs will be matched as closely as possible when ordered.

ROD-ENDERS

ROD-ENDERS

DETAILS

- Elegant, smaller finials called Rod-Enders were designed especially for tight corners or small spaces, while still complementing our traditional-size finials.
- Rod-Enders are offered in several lengths - from small sizes such as Sonnet (1") and Opera (1¼"), to larger sizes such as Concerto (3⅞") and Polonaise (3⅝").
- Plume and Petals Rod-Enders fit over the end of the rod like a sleeve.
- Most Rod-Enders may be used as flush mount for applications like medallions and rosettes.
- Please note our smallest Rod-Enders are not available with our Dual Finish System Accent Finishes.
- Due to the nature of hand-crafted items, Rod-End dimensions may vary slightly from piece to piece. Rod-End pairs will be matched as closely as possible when ordered.

Select one of our **58 Décor Finishes**
or our **Dual Finish System with**
11 Accent Finishes 

When ordering complete drapery hardware sets and accessories don't forget to include:

- Poles (1⅜", 2" 2¼" or 3") (pages 48-49)
- Brackets (pages 74-77 and 83-85)
- Rings (pages 80-82)
- Batons* (page 79)
- Holdbacks* (page 86)

* optional

SHIPPING & INSTALLATION NOTES

Rod-Enders come complete with screws for installing into wood. Orion wood poles are pre-drilled. Just screw the finial into the wood pole, and you are set for installation.

Iron rods for the SwissCrystal-On-Iron collection.

Available in 5 iron finishes: Metal Ore (D), Modern Gold (D), Oil Rubbed Bronze (D), Brushed Nickel (E) and Chrome (F).

- Iron rods are available in 10' (120") lengths without a splice. By default, we splice any iron rod over 8'10" (106") to save on shipping charges using FedEx. (New FedEx surcharge above 96" in length per box will be added in addition to the shipping and handling charges.) Rods not specified as one piece in the order will be spliced in the center, unless a splice location is otherwise noted. Anything over 8'10" (106") must be shipped by common carrier (truck line). Please note residential truck deliveries are restricted to 24' (288").
- Rods can be bent or curved for special applications. Please add product DM102 to the order.
- Rods can be spliced together to provide any length using a rod connector. Please add product DM300 to the order.
- Rods can be mitered for splices, corners, and special applications like bay windows. Please add product DM307 to the order.
- If applicable, please specify rod deductions for bay windows, arches, and bent rods.
- As a general guideline, we recommend brackets every 4 feet.

INLAY Designs

INLAY Designs

DETAILS

- Inlay is the process of setting one material such as wood, stone, or shell into a cavity that has been hollowed out of the surface of another material.
- Our Inlay collection features 10 Inlay designs, 10 matching Finials, and 10 Decal designs.
- Inlay designs are available on 2¼" and 3" diameter poles and on the Inlay Bracket.
- Inlay designs come in two types of patterns: Continuous and Repeat.
- Each Inlay design has a matching finial.
- Each Inlay design has a matching Decal design.
- Decal designs are available for two finials, one SwissCrystal base, and one Decal Bracket.
- All Inlay Design collection items are available in any of our 58 Décor Finishes or our Dual Finish System with 11 Accent Finishes 🗑️.

When ordering complete drapery hardware sets and accessories don't forget to include:

|--|------------------------|
| • Inlay Poles (2¼" or 3") (page 41) | • Rings (pages 80-82) |
| • Inlay or Decal Finials (pages 42-44) | • Batons* (page 79) |
| • Inlay or Decal Brackets (page 45) | • Holdbacks* (page 86) |

** optional*

SHIPPING & INSTALLATION NOTES

- Orion wood poles are pre-drilled. Just screw the finial into the wood pole, and you are set for installation.
- Finials come complete with screws for installing into wood.
- SwissCrystals come completely assembled with Inlay Base, including the screw for installing into wood.

INLAY Designs: Patterns

Inlay design patterns for 2¼" and 3" diameter Inlay Poles and Inlay Bracket.

Inlay designs are available in Continuous Pattern and Repeat Pattern styles. When ordering, please include the Inlay design number along with the pole or bracket number.

Continuous Pattern Inlay Designs

- Come in 4 foot sections.
- Will be spliced together to run end to end on the pole and maintain the continuity of the pattern for poles over 4 feet long.
- Please see catalog pages 37-51 for examples.

Repeat Pattern Inlay Designs

- Come in 4 foot sections.
- Have a 12" pattern repeat and are centered in the pole.
- Depending on the pole length, may run from end to end or there may be spaces on each end without Inlay.
- Please see catalog pages 37-51 for examples.

Although Inlay designs come in 4 foot sections, the poles they are set into are available in continuous lengths up to 16 feet. Please see price list pages 47-49 for more information on ordering wood poles.

Continuous Pattern Inlay Designs run the entire length of the pole.

Repeat Pattern Inlay Designs are centered in the pole.

INLAY Designs: Poles

Inlay Pole

When ordering, please include the Inlay design number from page 40 along with the pole number.

- The maximum continuous length for a wood pole is 16' (192"). We splice any wood pole with a Wood Pole Splice (DM5054 page 49) over 8'10" (106") to save on shipping charges using FedEx. *(New FedEx surcharge above 96" in length per box will be added in addition to the shipping and handling charges.)* Poles not specified as one piece in the order will be spliced in the center, unless splice location is otherwise noted. Anything over 8'10" (106") must be shipped by common carrier (truck line). Please contact customer service for details as delivery restrictions apply.
- Poles can be spliced together to provide any length using a Wood Pole Splice (Standard, Product DM5054) or Miter Splice (Please specify Product DM5055).
- Wood poles are available and priced in sections of 2', 4', 6', 8', 10', 12', 14' and 16'.
- Manual or motorized traversing poles are available up to 30' (360") in length (see pages 54-69).

WOOD Poles, Traversing & Motorization

WOOD Poles, Traversing & Motorization

DETAILS

- Wood poles are available in four sizes and four styles: 1 $\frac{3}{8}$ " 2", 2 $\frac{1}{4}$ " or 3"; Smooth, Fluted, Rope or Inlay.
- All are available in any of our 58 Décor Finishes.
Only Inlay poles are available in our Dual Finish System with 11 Accent Finishes.
- The maximum continuous length for a wood pole is 16' (192"), but any length can be achieved by splicing poles together (we splice any wood pole over 8'10" (106") to save on shipping charges).
- Manual or motorized traversing poles are available in diameters 2" and above, and up to 30 feet in length.
- All wood poles can be mitered.

Wood Pole Splice

Select one of our **58 Décor Finishes**.
Only Inlay poles are available in our
**Dual Finish System with
11 Accent Finishes**

Décor Finish

Design Art offers two types of cuts to join your poles together.

Our standard Wood Pole Splice joins two poles with a metal screw connector (included) and will be used unless a Miter Splice is specified. **A bracket should be used underneath any pole splice. It conceals the splice while offering additional support.**

Our Miter Splice breaks up the visual line of the connection, obscuring the splice better than a straight cut, and is at a 45° angle. It can also be used to join poles in corners or special applications like bay windows. Our standard cuts are for 45° or 90° angle connections. Wood glue is needed for a Miter Splice, and must be supplied by the installer. **A bracket should be used underneath any pole splice for additional support.** Please call customer service for a quote on angles other than for 45° or 90°.

TRAVERSING GUIDE: Tracks

Manual and Motorized Traversing Track Measurements

Manual Traversing Splice Plate

- A. Untighten all four screws on the splice plate to allow the top of each track to slide under a locking plate. Tracks are shown upside down. The splice plate will be on top of the tracks once installed.
- B. Connect tracks together in the center of the plate. Do not leave any space between the tracks. Retighten splice plate screws.

TRAVERSING GUIDE: Manual Installation

1. Unwrap and check all parts.
Parts will vary by order.

When ordering with rings, two stationary rings (A) are placed on each end for center open systems, one ring is placed on the stack side for one-way draw systems.

2. Manual traversing hardware should be installed in wall studs where possible. We suggest using a density analyzer to determine stud locations.

- (a) If installing in wall without stud, use heavy duty hollow wall anchors (e.g., Hillman #370012) or toggle bolts. We recommend ordering extra center supports when hollow wall anchors are being used.
- (b) Make sure support brackets do not line up with fascia screws (B).
- (c) Use level to make sure all brackets are on the same horizontal plane.

3. Adjust projection of bracket clip by loosening the screw nut (C). Adjust bracket projection as needed. Retighten the screw nut to hold the clip in desired position.

4. Screw finials into the pre-drilled holes on the wood pole.

5. Clip traversing track onto the brackets on the wall; make sure track is securely in brackets. Turn bracket clips (D) to lock brackets with the track.

6. Test the cord to assure that rod draws smoothly. Install the floor tension pulley for the cord.

7. If installing without rings, please hang drapery from the top hole of the glide (E).

We recommend using a professional installer. While installation hardware is included, it may not be appropriate for your specific wall material or individual installation. The Company will not assume any responsibility for damages incurred by inadequately supported or improperly mounted hardware.

TRAVERSING GUIDE: Motorized Installation

1. Unwrap and check all parts.
Parts will vary by order.

When ordering with rings, two stationary rings (A) are placed on each end for center open systems, one ring is placed on the stack side for one-way draw systems.

2. Motorized traversing hardware should be installed in wall studs where possible. We suggest using a density analyzer to determine stud locations.

- (a) If installing in wall without stud, use heavy duty hollow wall anchors (e.g., Hillman #370012) or toggle bolts. We recommend ordering extra center supports when hollow wall anchors are being used.
- (b) Make sure support brackets do not line up with fascia attachments (B).
- (c) Use level to make sure all brackets are on the same horizontal plane.

3. Adjust projection of bracket clip by loosening the screw nut (C). Adjust bracket projection as needed. Retighten the screw nut to hold the clip in desired position.

4. Screw finials into the pre-drilled holes on the wood pole.

5. Clip traversing track onto the brackets on the wall; make sure track is securely in brackets.

6. Install Somfy motor.
Slide finished sleeve (D) up to base of track.
Plug in Somfy motor.

7. If installing without rings, please hang drapery from the top hole of the glide (E).

We recommend using a professional installer. While installation hardware is included, it may not be appropriate for your specific wall material or individual installation. The Company will not assume any responsibility for damages incurred by inadequately supported or improperly mounted hardware.

Sets Include

- Traversing Pole(s) Up to 30 Feet in Length
- Heavy Duty Track(s) in Antique Bronze, Black, Gold, Silver, & White
Maximum fabric weight for a 16' track is 62 pounds.
- Pinch Pleat or RippleFold Glides:
Colored pinch pleat glides for systems with rings coordinate with track finishes (standard 4 per foot).
Pinch pleat glides for systems without rings and RippleFold glides are white. RippleFold glides include snap tape.
Please state fullness of 60%, 80%, 100%, or 120% when ordering RippleFold.
- Finished Master Carriers:
Center open poles come with two master carriers, while one-way draw poles come with one.
Front pole carriers each hold two rings (pinch pleat glides only).
Pinch pleat available with one-way or overlap master carriers.
RippleFold available with one-way, overlap or butt master carriers.
- Cord, Cord Pulleys & Safety Pulley(s)
Cord drawn traversing sets include cords and cord pulleys. Batons for baton drawn sets are sold separately.
Include cord length (standard is 8'), cord placement (left or right), and draw (left stack, right stack, or center open) in your order.
- Drapery Return Hook(s)
- Finished Brackets:
 - Two Heavy Duty End Brackets with Expandable Projections
 - Heavy Duty Support Brackets with Expandable Projections as Needed per Length
Specify wall or ceiling mount brackets when ordering. Due to limited clearance, we recommend using Rod-Enders with ceiling mount brackets. Please contact customer service for a list of other finials which may be used, or to create a bracket with a custom drop.
- Finished End Caps (For Back Rods)

Items Sold Separately

- Finials (pages 12-15), Rod-Enders (pages 18-19), Crystal and Bases (pages 23-29 and 36-37)
- Miter Return (307MR) (page 61)
Standard Return Depths are 3½", 4½", 6", and 7" for single track systems, 9½" for double track systems.
- Batons (page 60)
- Rings Styles For:
 - Traversing Poles (page 61)
 - Stationery Front Poles (pages 80-82)
Rings are available on front poles only using pinch pleat glides. Two stationary rings are placed on each end of the pole for center open systems, one ring is placed on the stack side for one-way draw systems.
Front pole master carriers each hold two rings.

Splices and Shipping

- All traversing sets are available in 16' (192") lengths without a splice, and up to 30' (360") with a splice.
- We splice any center open traversing pole over 8'6" (102") to save on shipping charges using FedEx. (*New FedEx surcharge, above 96" in length per box will be added in addition to the shipping and handling charges.*) (One-way draw is not spliced for FedEx.) Traversing systems not specified as one piece will be spliced in the center, unless a splice location is otherwise noted.
- The maximum width for a FedEx shipment is 8'6" (102"). All sets over this must be shipped by common carrier (truck line). Please note residential truck deliveries are restricted to 24' (288").

Measurement Guidelines

- Please specify fascia length when ordering.
- Usable track length will be 2¼" shorter than fascia length. (L - 2¼")

MOTORIZED Traversing Poles: Controls

Motor Controls and Additional Motors

The DecoFlex WireFree RTS is a battery-powered and completely wireless wall switch that provides an ideal way to control motorized products when entering or exiting a room. Each channel can control an individual motorized product or a group of motorized product which provides practical and flexible control options. It's compatible with all Radio Technology Somfy motorized products.

The Telis RTS is a convenient hand-held remote. Instantly create the ideal natural light environment without having to interrupt your activity with a simple button press. The remote is omni-directional, so there is no need to aim the remote at the product being controlled. Exclusive Somfy MY feature saves a favorite/preferred product position without having to fine tune it each time.

- Design Art offers brackets (standard, accent, decorative and iron), batons (wood and iron), rings (standard, decorative and iron), holdbacks, and adornments in many sizes and styles to fulfill all your design desires.
- Due to the nature of hand-crafted items, dimensions may vary slightly from piece to piece. Items in the same order will be matched as closely as possible when ordered.

When ordering complete drapery hardware sets and accessories don't forget to include:

- Finials (pages 12-15)
- Crystal and Bases (pages 23-29 and 36-37)
- Rod-Enders (pages 18-19)
- Poles (1 $\frac{3}{8}$ ", 2" 2 $\frac{1}{4}$ " or 3") (pages 48-49)

TERMS OF SALE

1. PRICES & SPECIFICATIONS

- a. All prices (except Promotional Items) listed are retail prices in US\$ and are FOB warehouse.
- b. Prices and terms of sale are subject to change without notice.
- c. Prices and specifications are subject to corrections resulting from errors, omissions, and modifications.
- d. Specifications listed in this price list supersede those listed in the catalog.
- e. Due to the nature of hand-crafted items, dimensions may vary slightly from piece to piece. Items in the same order will be matched as closely as possible.

2. TERMS

- a. Customer accounts are opened under the following terms: Cash on Delivery (COD), Payment Before Shipping (Proforma), or Credit Card (Visa or MasterCard).
 - 1. Credit card accounts give specific permission to the Company to charge the credit card upon completion of the order.
 - 2. COD accounts will be charged a COD fee of \$12.00 per box on all shipments. This does not include Will Call orders.
- b. **All orders \$2000 and above need a 50% deposit prior to commencement of manufacturing.**
- c. A \$50.00 fee will be charged for any returned checks.
- d. Late payments on a Net 30 account will cause the account to become COD, Proforma, or Credit Card. **A late fee of \$20.00, PLUS 1.5% interest per month (18% per year) will be added to all invoices not paid within 30 days.**
- e. Interest charges are applied on the 45th day from the date of shipment.
- f. The Company reserves the right to review and change account terms at any time.
- g. Any and all legal or collection costs that are incurred in procuring past due accounts will be the sole responsibility of the customer, and will be added to outstanding account balances.
- h. **All requests for credit on invoices that are priced incorrectly or contain other invoicing errors should be sent to the Company in writing within 30 days of the invoice date.**

3. NEW ORDERS

- a. To ensure correct ordering information, we request all orders be faxed or emailed using our Drapery Hardware Order forms.
- b. **The Company has provided a comprehensive ordering information guide for its products. Please review it carefully before placing an order.**
- c. Please review orders for accuracy and completeness before sending.
- d. Manufacturer's best judgment will prevail on order details not provided before processing an order.
- e. **Any errors or omissions are the customer's sole responsibility.**
- f. Verbal orders will **NOT** be accepted at any time.
- g. Orders may be sent via fax, standard mail, or email.
- h. Orders received by 12:00 noon Pacific Standard Time will be deemed to be received on that business day.
- i. **Incomplete orders, or orders with questions will be deemed to be received on the date that all queries have been answered.**
- j. **Duplicate orders sent and executed will be the customer's sole responsibility.**
- k. The Company will send an Order Confirmation to customers within 72 hours of receipt of an order.

- l. All customers with a physical presence in California are required to have a valid resale certificate on file with the Company. Sales tax will be charged on orders from California customers not having a valid resale certificate on file with the Company.

4. ORDER CHANGES / REVISIONS

- a. **All revisions and changes MUST be in writing, and should be submitted via fax or email.**
- b. Customer changes and revisions will **NOT** be accepted after three working days from receipt of an order.
- c. Changes and revisions on any rush order will not be accepted after 24 hours from receipt of an order.
- d. There will be a \$20.00 charge for customer changes received more than 48 hours after the original order.
- e. NO charge for: changing shipping instructions up to the scheduled ship date; to add items to an order up to two working days from receipt of an order; making changes that stem from clarification of orders.
- f. **Any changes or revisions may affect the shipping date.**

5. ORDER CANCELLATIONS AND HOLDS

- a. Since all orders are hand-made, custom to order, no cancellations or holds will be accepted after three business days from the date of an order.
- b. Any orders cancelled or held beyond three days of placing the order will be subject to a cancellation charge of \$25.00, plus a 35% restocking fee, with the exception of items with Gold or Silver Leaf finishes (which cannot be returned).
- d. Rush orders cannot be cancelled or put on hold.
- e. All requests for order holds or cancellations must be sent in writing.

6. PRODUCTION / DELIVERY

- a. The due date listed on the sales order confirmation indicates that the order will be shipped or ready for Will Call at the **END** of that business day.
- b. Please see our Production Times Guide on page 93 for shipping times based on finish and type of order.
- c. **Rush orders** are accepted on a limited basis. These should be handled as an exception and not a rule. Rush orders may be refused for any reason whatsoever. Please see our Production Times Guide on page 93 for Rush order times and upcharges.
- d. Scheduled ship dates are based on production variables and are difficult to expedite. Any date changes will incur the change charge as delineated above. (Large and non-standard orders may require more time.)
- e. The nature of the order will be taken into account when assigning scheduled ship dates.
- f. **All orders are shipped FOB warehouse. Delivery charges are to customer's account.**
- g. Shipping charges include handling and packaging charges. If a customer chooses to have the shipping charges billed to his shipping account (FedEx, UPS) or his trucking company account, there will be a 2% of net invoice charge added for packaging only.
- h. Certain orders may require additional packaging and/or special handling, which will be an additional charge on the order (ie. bent rods).
- i. New FedEx surcharge above 96" in length per box will be added in addition to the shipping and handling charges.

7. WILL CALL ORDERS

- a. The due date listed on the sales order confirmation indicates that the order will be ready for Will Call at the

TERMS OF SALE

END of that business day.

- b. All Will Call orders will be invoiced and mailed on the date that the order is completed, and will be due according to the customer's account terms.
- c. Accounts with Payment Before Delivery (Proforma), COD, or Credit Card terms must pay for their Will Call orders in full at the time of pick up.
- d. **Will Call orders should be picked up within two weeks of completion.**
- e. Will Call orders not picked up after three weeks from completion will be subject to a storage charge of \$20.00 per week.
- f. Will Call orders not picked up after six weeks will be returned to inventory and be subject to a 50% production fee.
- g. Please confirm that production of the order is complete before arriving to pick it up.

8. RETURN POLICY

- a. Due to the custom nature of the Design Art line, with the exception of defects and damages, most items are **NOT** available for return. Please see our Return Policy Guide on page 92.
- b. **No product will be accepted for return without prior authorization. Please call your Customer Service Executive prior to returning any merchandise.**
 - 1. Your Customer Service Executive will issue a Return Merchandise Authorization (RMA) number at our discretion. Items with Gold or Silver Leaf finishes cannot be returned.
 - 2. **The RMA# MUST be noted on all packages that are returned to the Company.**
 - 3. If the return is due to Company error or omission, a call tag will be issued to pick up the material to be returned.
 - 4. Shipping charges on all returns other than defective or damaged merchandise will be borne by the customer.
- c. Exercise care to adequately package returned products. Return credit will not be issued for unauthorized or damaged returns.
- d. On applicable items, credit for returns will be issued. Credit for restocked items is **"on account"**, and will be applied against open invoices and/or future orders. At no time will there be a cash/check/credit card refund.
- e. **No return request will be accepted after 30 days from the invoice date.**

9. DEFECTIVE, DAMAGED OR MISSING MERCHANDISE

- a. **Orders MUST be checked immediately upon receipt.**
 - 1. Packages that have visible damage or are open and may be missing items should be refused.
 - 2. It **MUST** be noted on the Bill of Lading if there is ANY damage to packaging that may indicate the possibility of concealed damage. If possible, photograph the damaged packaging while the driver is still present.
 - 3. Inspect the contents of ALL packages to insure there is no concealed damage from shipping.
 - 4. If an order is damaged in shipping, ALL packing materials must be kept for inspection. Please photograph the damaged product with packaging.
 - 5. Any defective or missing material **MUST** be reported within one week from receipt of order to the Company.
 - 6. Any missing packages should be reported to the Company within 48 hours of receipt of order.
 - 7. The Company will be responsible for any shipping related claims shipped on the Company's account.
- b. The Company will repair or replace any defective merchandise at its sole discretion.

- c. The Company will be responsible for any freight charges to return defective merchandise. A RMA# and call tag will be issued by the Customer Relations Executive.
- d. If, upon examination, the merchandise is found to be **NOT** defective, the customer will be charged freight.

10. INSTALLATION

- a. It is of the utmost importance that all Company products be installed properly by a professional installer.
- b. For questions regarding securing products to a particular surface, please consult a professional installer.
- c. **The Company will not be responsible nor liable under any circumstances for installation or any costs relating to installation, removal, or reinstallation. The Company will only repair or replace any defective or damaged product.**

11. FINISHES

- a. All finishes are done by hand, thus some variation in tone and appearance will occur.
- b. All product prices include finishes. Please see this price list for finish groups.
- c. The Company can custom match most finishes.
 - 1. All custom finishes will require a strike-off approved by the customer before the Company finishes the product. The strike-off has a one time net charge of \$40.00, and turn around time is 3 business days.
 - 2. Please contact Your Customer Service Executive for a quote on all custom finishes.
- d. **The lithographic color reproductions presented in the catalog may not accurately reflect the true tones, lusters, and depths of the finishes. Please refer to actual finish samples (Color Selector Sets) for a more accurate representation.**

12. CUSTOM ORDERS

- a. The Company is a true custom manufacturer, and as such we are able to manufacture products to almost any specification.
- b. Any item that varies from the specifications published in the Company catalogs and price lists will be subject to a minimum customization charge of \$60.00 per item retail. This should be added to the standard cost of the product.
- c. If the customization charge is greater than \$60.00 per item retail, the Company will contact the customer with a price quote and wait for approval before proceeding with the order.

13. WARRANTY

- a. The Company offers a standard limited warranty on all merchandise to be free from manufacturing defects for a period of one year from the date of purchase.
- b. This warranty does **NOT** apply to normal wear and tear, damage from mishandling, abuse, or exposure due to climatic conditions.
- c. **This warranty specifically excludes any product that is used in an external environment.**

14. EFFECTIVE DATE

- a. **These terms of sale are effective as of April 1, 2015.**
- b. These terms of sale may be revised, amended, or replaced at any time at the Company's discretion.

15. DISCLAIMER

- a. The Company endeavors to provide accurate information in all of its catalogs and price lists. However, the Company is **NOT** responsible for any errors or omissions of any kind, nor is the Company liable for any charges that stem from any errors or omissions on its part.
- b. All orders placed with the Company are governed by the terms of sale in effect at the time of ordering.
